### ABOUT:

**Community Partners in Action** (CPA) was founded nearly 150 years ago to champion criminal justice reform in Connecticut and preserve the dignity of those interacting with the system. We are a non-profit dedicated to serving and advocating for adults and youth impacted by the criminal justice system. CPA believes people can change. Since our founding in 1875, we have never wavered in our commitment to ensuring participants have the right to work, the right to an adequate standard of living, including food, clothing, and housing, and the right to physical and mental health.

**The Reentry Welcome Centers** assist people returning home from prison and those with a criminal history already living in the community. The Centers serve as centralized hubs coordinating pre- and post-release resources, provided on-site and by a network of community partners, to address the participants' unique and most urgent needs.
